QUALITY OF LIFE IN THE CAPITAL REGION

Key leaders in business and government will overview the Capital Region through their lens and introduce new information in a new context that, perhaps, you've never considered! Where do we excel as a region and what challenges do we still face? Most importantly, how will YOU get involved in the region's success?

HERSHEY'S IMPACT ON THE CAPITAL REGION

It's not often that an entire community is endowed by a generous benefactor. Hershey's legacy has created a thriving community that has earned international acclaim, not only for chocolate and tourism; but in medicine, research, education, and as an incubator for the life sciences. This session will be the sweetest of the season!

HARRISBURG'S IMPACT ON THE CAPITAL REGION

As the seat of state government, home to the beautiful state Capitol; and boasting a rich cultural history, The City of Harrisburg is the heart of the Capital Region. How can residents and businesses throughout the Capital Region contribute to the continued health and success of Harrisburg? What are the city's greatest strengths and weaknesses? What's next for Harrisburg?

CARLISLE'S IMPACT ON THE CAPITAL REGION

Carlisle's unique contributions to the Capital Region are realized through a visit to the US Army War College and round table conversation with the installation's leadership. In addition, learn how Carlisle's role in higher education, tourism, and the arts raises the significance of Cumberland's County Seat on a global scale!

FROM SUCCESS TO SIGNIFICANCE

The basic tenets of Servant Leadership will be explored in this final session of the Executive Leadership Series. You will be introduced to some of the Capital Region's business leaders who have found success in the Servant Leadership model and learn how they've excelled in this unique framework.

IN THE WORDS OF ELS GRADUATES...

"ELS was a great learning and networking experience for me. Despite being a Harrisburg native, I had my eyes opened to many new opportunities in the area."

Bill Stout, P.E., ELS '08
Former Chairman of the Board & CEO

"What I valued the most about the Executive Leadership Series was the ability to connect with likeminded business leaders who are committed to the growth of people and building the community – basic traits of servant leaders."

Margaret Delmonico, ELS '15
Director, Public Relations

"The ELS program was like a passport to our region, offering valuable insight into the businesses and organizations that shape our community. It provides a great foundation for networking as well as exposure to business and community leaders in a way that fosters ongoing connections for the betterment of the region."

Rebecca McClure, ELS '12
Vice President, Board and Market Strategy

"ELS provided me a great breadth and depth of knowledge about the Capital Region in a condensed, yet robust format and helped me to crystalize my "why." I discovered more about why I relocated to the area, what my contribution can be to leave the region a better place than when I arrived and provided community connections that are sure to be a part of that legacy."

Jayne Huston, ELS '17
Business Coach/Vice President

"As a result of participating in the ELS, I have a much deeper understanding of our region's past, present and future. I enjoyed meeting many skilled, talented leaders. I am confident that our combined efforts will strengthen and advance our communities today and in the years to come."

Oralia Garcia Dominic Ph.D., M.S., M.A., ELS '11
Researcher
Assistant Professor

"The Executive Leadership Series provided my colleagues and me with a "turbo-charged experience" encouraging us to become familiar with many dynamic new and seasoned education, government and business leaders who are committed to helping the greater-Harrisburg area thrive in our new, global economy."

Dr. John J. "SKI" Sygielski, ELS '11
