LEADERSHIP
HARRISBURG AREA
Leaders Serving.

Leadership Harrisburg Area will deploy teams of 7-9 professionals to selected organizations to help with the specified project. Examples of the types of projects that make for a good fit include: developing a strategic plan, survey/audience engagement plan, video production, marketing plan, program/project analysis, etc. Hands-on service projects are not ideal for Team Projects and fund raising projects are not eligible for consideration. Your proposed project should provide a challenge for the team to address in an 8-month period with work beginning in October 2018 and the final deliverable completed by May 2019. For a summary of all past projects, please visit www.leadershipharrisburg.org/community-solutions-services/ and scroll down for the link. Leadership Harrisburg Area will send an email to all applicants in August, whether selected as a Team Project partner organization or not. Finalist organizations will be required to participate in an interview in August.
