*Leaders Serving.*

Leadership Harrisburg Area will deploy teams of 7-9 professionals to selected organizations to help with the specified project. Examples of the types of projects that make for a good fit include: creating social media strategies, survey/audience engagement plans, video production, marketing plans, program/project analysis, etc. Hands-on service projects are not ideal for Team Projects and fundraising projects are not eligible for consideration. Your proposed project should provide a challenge for the LHA team to address in an 8-month period with work beginning in October 2020 and the final deliverable completed by May 2021. For a summary of all past projects, please visit [www.leadershipharrisburg.org/community-solutions-services/](http://www.leadershipharrisburg.org/community-solutions-services/) and scroll down for the link. Leadership Harrisburg Area will send an email to all applicants in August, whether selected as a Team Project partner organization or not.
