

Important Updates & Notes

With the safety of your employees in mind, and keeping up to date with evolving guidelines and best practices around COVID-19, please know that Leadership Harrisburg Area will pivot and adapt as necessary. At this point, these are the precautions we have put into place. We will stay in communications with class members should anything change.

Here's our plan for safe and responsible programming.

Attendance

Our historically rigid CLS attendance policies will be loosened. While we expect people to attend every session, we will encourage class members to stay home if they don't feel well. Make-up assignments will be required and their graduation won't be jeopardized.

Enhanced Curriculum

Given the circumstances around injustice & racism in our communities and country, all upcoming programs will include content, dialogue, and calls to action to a greater degree than ever before.

Field Trips

Some CLS sessions have been moved to later in our program year to accommodate field trips after January 1. Small group field trips may replace site visits in Fall programming.

Home Base

All CLS sessions will be held in a consistent location where class members can be physically distanced and speakers, presenters & special guests will have plenty of room. This will help ensure that we have a guaranteed space to meet in person unless there is another government shut down.

Masks & Sanitation

Masks will be required when participants cannot maintain a safe physical distance. Hand sanitizer, disinfectant spray and wipes will be used to clean surfaces in between speakers, etc.

Meal Service

Meals and beverages will be individually packaged to avoid the spread of germs.

Virtual Session

In the case of a government ordered shut down or stay-at-home orders, our sessions will be adapted to a virtual setting.

Wellness Checks

Touchless temperature checks will be performed on everyone coming into our sessions: class members, speakers & staff. Staff members will participate in wellness checks throughout the year. Anyone who is not feeling well will be asked to stay home.
